Summary

As a motivated and detail-oriented intern, I am eager to apply my academic knowledge and passion for Cybersecurity, Software Development, Mobile App development in a real-world setting. My goal is to contribute to the success of your organization by leveraging my strong analytical skills, adaptability, and enthusiasm for learning. I am committed to gaining hands-on experience, developing professional expertise, and delivering value through innovative solutions and a collaborative mindset through internship which represents an exciting opportunity to grow both personally and professionally while making a meaningful impact on your team.

Skill Highlights

- Team Collaboration
- Adaptability
- Problem solver
- Creative design
- Innovative
- Service-focused

Experience

Software Development Intern

University Project Team | *On-campus* | **January 2023 – March 2023**

- ❖ Developed a Teacher’s Exam Generation App as part of a team project, focusing on offline functionality using MySQL.
- ❖ Conducted code reviews and collaborated with peers to ensure clean and efficient code.
- ❖ Presented the final product to faculty and peers, receiving positive feedback for usability and design.
- ❖ Learned to manage project timelines and deliverables effectively.

Mobile App Development Intern

Vitechsc | *Remote* | **March 2024 – June 2024**

- Supported the development of a **Class Room Assistant App** by integrating APIs for real-time data synchronization.
- Worked on **UI/UX improvements** ensuring alignment with user needs and design guidelines.
- Assisted in debugging and resolving minor issues to enhance app performance.
- Gained hands-on experience with **Agile methodologies** by participating in sprint planning and daily stand-ups.
